Message from the Chancellor

Dear Class of 2024:

Congratulations on reaching this very special milestone in your life. Today, as we celebrate the University of California, Irvine's 63rd commencement, enjoy the pride, nostalgia, and excitement of the moment. As you participate in these time-honored graduation rites, I encourage you to remember that you did not achieve this success alone or in a vacuum. Please take the time to thank the family, friends, and mentors who have supported and shepherded you through this journey.

All of us are extremely proud of your accomplishments and the contributions you have made to UCI and our community. I am even more excited, though, by what lies ahead for you, as you enter the world enabled, empowered, and inspired to succeed in whatever endeavors you choose to pursue.

Today, as you join the proud alumni of UCI, you become part of a family of graduates who are leaders, innovators, and teachers who make a difference in our global community. Please come back and visit us, update us with news on your careers, and stay in touch through the Alumni Association. Wherever the future leads you, you will always be remembered at UCI.

Fiat Lux,

Howard Gillman
Chancellor

Message from the Vice Chancellor, Student Affairs

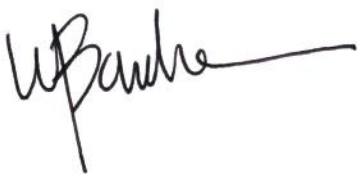
Dear Class of 2024 Graduates:

On behalf of the Division of Student Affairs, I would like to congratulate you and your family on this amazing accomplishment.

You are now a UCI graduate and now join the ranks of over 227,000 alumni from across the world. You should be proud of all that you have accomplished during your time at UCI. My sincere hope is that you have taken the past years to learn more about yourself, your community, and your academic major. College is truly a transformative time in one's life and I am sure you have taken everything you have learned during your collegiate time to transform not only yourself, but also the world.

As you close this chapter in your life, take some time and thank your family and friends for their support. Your graduation from UCI is a reflection of their love and support for you through this time. Make sure to take time and savor this moment. I hope that you will remember your college days fondly, and I hope you will tell the story of UCI and how your life was changed from being here. You are an Anteater for life and we could not be more proud to have you as one of our proud alumni.

Zot, Zot, Zot!



Willie L. Banks Jr., Ph.D.
Vice Chancellor, Student Affairs

Claire Trevor School of the Arts

Dear Graduating Artists of 2024,

Congratulations! We are elated and immensely proud of your journey at the Claire Trevor School of the Arts and UCI. You graduate from the only named school of the arts within the University of California system, a testament to the high caliber of education and experience you have received. As dreamers and doers, you now launch into a bold future as creative leaders and esteemed ARTeater alumni.

This is a pivotal cultural moment that needs artists and creative leaders more than ever before. As artists, you understand the power of inspiration – its role in creating impactful work and moving others. Your artistry, in combination with your vision and voice, position you as catalysts for change. Throughout this year, we witnessed the stakes around the principles of free speech. As artists, you bring powerful tools for exploring and defending the values of open expression and civil discourse. Your work as artists exemplifies the transformative power of these values and highlights their importance in fostering the promise of democracy. The future is yours to shape.

Complex challenges require multifaceted teams of thinkers to inspire and innovate. Your artistry has the power to reshape perspectives and open pathways. As you step into this next chapter, know that your unique ability to collaborate and inspire will be invaluable across diverse fields.

As graduates of the Claire Trevor School of the Arts, you have learned that the process of creating is as significant as the work itself. You are citizen artists and impact partners. I, along with your professors and CTSA staff, are honored to have shared in your achievements and to have been inspired by the boldness and vision of your work. Your contributions have significantly enhanced the excellence of our school. We eagerly anticipate staying connected and witnessing your continued journey as you join our alumni family, inspiring future artists who will follow the paths you have forged.

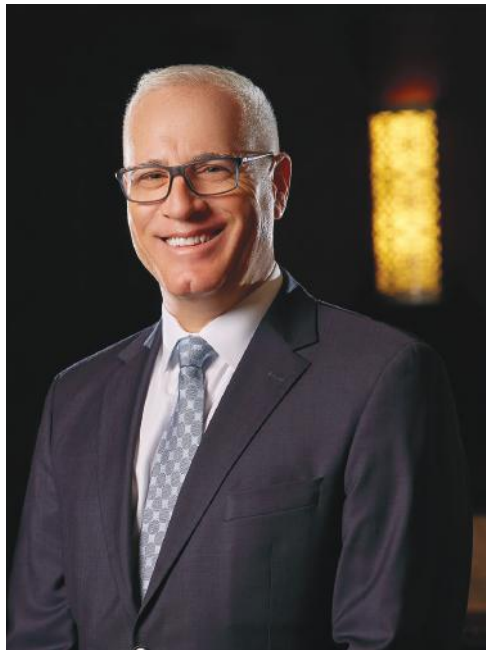
Please keep in touch with the circle of friends and colleagues you have made here. Share your accomplishments and journeys with your professors and departments. Remember, more than half of the careers in your future will be ones you expand and invent! We are excited to see how you will build on your experiences, contributing your artistic talents to a broader range of fields, both within the creative economy and beyond.

Heartfelt congratulations and best wishes as you embark on your bright future!

Tiffany Ana López, Ph.D
Dean, Claire Trevor School of the Arts
Professor of Drama

Charlie Dunlop School of Biological Sciences

Dear Class of 2024,



Congratulations on your graduation from UC Irvine and the Charlie Dunlop School of Biological Sciences. You completed one of the most rigorous undergraduate programs on the campus, which is difficult enough on its own, but you managed this with the additional challenge of a global pandemic. The hard work and determination you exhibited to get to this moment will serve you well in your future endeavors.

Today, your accomplishments at the Dunlop School are being lauded with celebration of your Commencement. From tomorrow onward, as one of our thousands of alumni, remember what you have learned here about science and technology, and apply it well in your pursuit of shaping a healthier, more prosperous world. You will find that UCI has helped to prepare you for your future, whatever opportunities and challenges it holds.

As you embark on the next phase of your life, I encourage you to reflect proudly on your time here and on the personal lessons of perseverance. The Charlie Dunlop School of Biological Sciences is embedded in your DNA, so I urge you to stay connected with us as your life's journey continues. That way we can continue to support you, celebrate your successes and provide you with the opportunity to inspire the generations of students who will follow in your footsteps through our halls.

Best wishes,

Frank M. LaFerla

Frank M. LaFerla, Ph.D.
Dr. Lionel and Fay Ng Dean and

UC Irvine Charlie Dunlop School of Biological Sciences

The Paul Merage School of Business

Dear Class of 2024,

Congratulations on reaching this remarkable milestone in your academic journey! On behalf of the faculty and staff at the UCI Paul Merage School of Business, it is my honor to extend our deepest admiration for your dedication, perseverance, and resilience. You have navigated a dynamic and ever-changing environment with grace and determination, and we are incredibly proud of all that you have achieved.

As graduates of the Merage School, you are uniquely equipped to make a lasting impact in both the business world and society at large. Your time here has not only deepened your expertise in key business principles but has also honed your ability to lead in an era defined by technological innovation and global transformation. Armed with a robust understanding of emerging technologies like artificial intelligence, digital analytics, and sustainability, you are well-positioned to drive change and foster meaningful progress in your respective fields.

The Merage School remains at the forefront of business education, deeply committed to preparing our students for the future. By integrating cutting-edge research and insights from our world-class faculty, we've evolved our curriculum to include hands-on learning opportunities in areas such as virtual reality, AI, and entrepreneurship. These experiences, along with your connections to Southern California's vibrant business community, have given you a strong foundation to build upon as you embark on the next phase of your career.

You have enriched our community with your talents, and as you transition from students to alumni, we are eager to see how you will continue to innovate, lead, and create positive change. The Merage School network is now yours to leverage—a powerful, supportive community ready to help you navigate the road ahead. We encourage you to stay engaged, continue learning, and always remain connected to your alma mater.

Once again, congratulations on this extraordinary achievement. We look forward to watching your journey as you become leaders who shape the future.

Zot! Zot! Zot!

Ian O. Williamson
Dean, UCI Paul Merage School of Business

School of Education

To the School of Education Class of 2024,

Today, we celebrate your incredible achievements. Completing your journey at the UC Irvine School of Education is no small feat. Whether you earned a Bachelor of Arts in Education Sciences or are part of the CalTeach program, you are now equipped to make a profound difference in the lives of others and to inspire change in education and beyond.

The knowledge and skills you have acquired will be essential as you navigate the evolving landscape of education. Your readiness to adapt is what sets you apart. Today, you step into a world where technology—particularly AI—reshapes how we learn, teach and understand knowledge. As the next generation of thought leaders and innovators, you are uniquely positioned to harness these tools to educate and drive positive change.

The classroom and life experiences you gained at the UC Irvine School of Education will be invaluable as you move forward, contributing to groundbreaking research, policy development, curriculum innovation and advocacy in education. We are grateful for your commitment to the core values of equity, inclusion and access, and look forward to seeing your positive impact in your communities, California, and the nation.

As you embark on the next stage of your journey, remember that the lessons you've learned at UC Irvine—about persistence, resilience and the power of education—will continue to serve you. In a rapidly changing world, your curiosity, creativity and commitment to lifelong learning will guide you. Great educators are strong learners, and as you navigate the challenges and opportunities that lie ahead, I am confident that you will continue to grow, evolve and lead with purpose.

Congratulations to you and the families of all our graduates. We wish you great success in your future endeavors and look forward to seeing the impact you will have on the world.

Frances Contreras

Frances Contreras, Ph.D.
Dean and Professor, School of Education
University of California, Irvine

The Henry Samueli School of Engineering

Dear Samueli School of Engineering Class of 2024,

Congratulations on this important and impressive milestone! You have made it through to earn your degree from UCI's Samueli School of Engineering. We are very proud of you and have every confidence in your continued success because being an Anteater Engineer is to have the superpower to deal with complex situations, go after hard problems, and not shy away from the big questions we are facing together.

The completion of your engineering degree is a testament to your resilience and hard work and I have no doubt that your experiences at UCI will provide you with the knowledge, skills and leadership that you will need to impact and benefit us all in countless ways.

As you move forward in your careers, I encourage you to do the following: maintain our values and dedication to excellence and lifelong learning, commit to truth and fairness, and remember to embrace diversity and individual differences. As the newest graduating class of the Samueli School, I hope you stay connected through our Engineering Alumni Society, as well as the UCI Alumni Association.

Congratulations on your well-deserved achievement. Be courageous, be strong, be awesome. And use your new superpower for good in the world!

Zot, Zot, Zot!

Magnus Egerstedt, Ph.D.
Stacey Nicholas Dean of Engineering
Samueli School of Engineering
University of California, Irvine

Susan & Henry Samueli College of Health Sciences

Congratulations, class of 2024!

I commend your dedication, curiosity and determination in graduating from the Susan & Henry Samueli College of Health Sciences. What an achievement! You have helped usher in a period of unprecedented growth here at UC Irvine. You have learned and worked in the still-new Susan & Henry Samueli College of Health Sciences building, the Sue & Bill Gross School of Nursing and Health Sciences Hall, and the home for the Susan Samueli Integrative Health Institute.

Our growth trajectory continues with the Falling Leaves Foundation Medical Innovation Building. When it opens in 2025, it will be one of the largest research buildings on the West Coast, and purpose-built for frontier teams of multidisciplinary collaborators. This year, our new 9-acre UCI Health — Irvine campus began accepting patients in the Joe C. Wen & Family Center for Advanced Care, and at the Chao Family Comprehensive Cancer Center and Ambulatory Care building. An in-patient specialty hospital with 24/7 emergency services will follow suit next year. Also, our Program in Public Health was elevated to the Joe C. Wen School of Population & Public Health, and UCI Health has expanded to become a regional health system.

Your contributions have been instrumental to our One Health model. Your energy and work ethic have helped us break down disciplinary silos that have traditionally separated research, education and healthcare delivery. One Health empowers the virtuous cycle of our mission to Discover, Teach, Heal. How we care for patients informs what we study and what we teach, and this yields continuous quality improvement in each domain of the mission. As a 2024 graduate, go forth with this certainty: You graduate with the required education and skills to harness your passion, as well as the correct training — whether in medicine, nursing, pharmacy and pharmaceutical sciences, or population and public health — to work together to tackle some of the most intractable problems in the healthcare landscape.

Now, the gates are open! As you step forward, ask yourself what you want to improve in the world. Is your passion preventing public health emergencies? Fostering emotional support for patients or providers? Do you want to tackle health equity? Or develop new ways to prevent disease and support wellness? Approach the world with an open mind, and what you want to achieve will happen – with patience, persistence and compassion. Of course, you will continue to grow and develop. Experience is one of the great advantages of aging.

We hope that as you advance in your career, you will visit often, and perhaps even choose to continue your own mission to discover, teach and heal here at UC Irvine.

Please know that we will remain committed to helping you achieve your goals after you graduate. We measure our own success by your accomplishments and satisfaction in service. You will forever be a member of the Anteater family. Come back and share your experiences.

All the very best to you in this new and exciting phase of your life journey,

Steven A. N. Goldstein, MA, MD, PhD, FAAP
Vice Chancellor, Health Affairs

UCI Health Affairs

Joe C. Wen School of Population and Public Health

Congratulations to the Class of 2024 for reaching this extraordinary milestone. On behalf of our faculty, staff, and your fellow Anteaters, I extend my heartfelt congratulations to each of you on this momentous occasion of your commencement from the UC Irvine Joe C. Wen School of Population & Public Health. As graduates, you have made history as the first graduating class of the Joe C. Wen School of Population & Public Health. Your achievements are not only a reflection of your resilience and determination but also a testament to the strength of our newly established school, which you have helped to shape.

Over the past few years, you have contributed to groundbreaking public health initiatives that have addressed some of the most pressing issues of our time. From tackling health inequities to advancing research on climate change's impact on community health, your work has embodied the heart of our mission: to improve the well-being of populations through innovation, collaboration, and dedication. You've worked on community-based projects that brought research into action, partnered with global organizations to reduce disparities, and developed new ways to use data to inform decision-making. These accomplishments speak volumes about the passion and creativity you bring to the field of public health.

I want to take a moment to acknowledge the dedication, perseverance, and passion that have brought you to this point. I will not tell you the road will be easy – it seldom is. For every achievement, there are challenges and barriers to overcome. Embrace mistakes. They serve a purpose: to help you learn. When you secure that new job or hit that milestone in a project, know that you deserve it and have worked hard to get to that point.

As you stand on the threshold of a new chapter in your life, remember that the skills and knowledge you've gained at UC Irvine are just the beginning. The world needs public health leaders like you — leaders who challenge the status quo, forge new partnerships, and work tirelessly to create healthier futures for all. Your commitment to public health is commendable and deeply inspiring. Whether you are embarking on a career in research, policy, advocacy, or practice, your contributions will make a profound impact on the health and well-being of communities worldwide. You will lead with compassion, drive, and the desire to make a difference in the lives of those around you, which all lie at the heart of what we do in public health. Your work will help usher in a future that is more sustainable, equitable, and just.

Thank you for all you've contributed to our school and for setting the bar high for future classes. Go forward with confidence and purpose, knowing you are part of the first chapter in the story of the Joe C. Wen School of Population & Public Health. As you step into society as public health practitioners know that you are part of a field that is ever vigilant and will always be at the forefront to protect our communities. We can't wait to see what you'll achieve next. Please know how needed your public health skills are today as you become advocates for this field amongst the ever-challenging, anti-science movement. As you set out to improve the health and well-being of your own communities, be confident in the knowledge gained during your time at UCI and remember that the field of public health is made stronger by having you in it.

Congratulations, graduates of the Class of 2024!

Bernadette Boden-Albala, Ph.D., M.P.H.
Founding Dean, Joe C. Wen School of Population and Public Health

School of Humanities

On this happy occasion of your commencement, you are each concluding your study at UC Irvine and embarking on a new life as the proud holder of a University of California degree in a humanities field.

Let me be the first to congratulate you. You are a select group who worked tirelessly to be admitted to UCI, and to excel in your majors. You put in hard nights of reading and writing papers and studying for exams and meeting your requirements one by one. Your goal was not just to get a good grade on one assignment, or completing a course, or even meeting all the requirements of your major. It was always something that lies beyond the boundaries of the campus and its program: opening up the opportunities in your life that your UCI degree makes possible, and that at this moment of commencement you can't even yet fully foresee. These include the possibility to go on to more advanced study in graduate or professional school; to make your mark in government, media, or business; or to lead and serve in your community, at home or perhaps elsewhere in the world.

The humanities focus on the histories and cultures of the world, the images and stories we use to represent the human experience, and the theories and concepts that we use to make sense of our world. Human meaning-making is an ongoing and ever-evolving process, and the skills you have gained in understanding and contributing to it never go out of date or lose their relevance. Our world is changing at an extraordinary pace. We need humanities-trained leaders and thinkers like you to help us to make sense of it all, make conscious and ethical choices, and imagine new ways of living and working in a radically changed environment.

You will bring the skills you have learned here—to listen and read closely, to think critically and analytically, to interpret texts and images, and to write with clarity and power—to all the work you have ahead of you. We have prepared you not just for a job, but for a career of your own making, which may have many new turns and changes along the way.

But through the lenses of the humanities, we have also prepared you to appreciate better the beauty, complexity, and richness of the world, to experience it with depth and knowledge. That is not just an enhancement to your career or your earning power; it is the basis of a richer, more authentic, and more meaningful life.

I wish you every success in your future, and the deepest appreciation for what you have given us by your presence in the School of Humanities during your studies.

Congratulations and enjoy your commencement!

Tyrus Miller, Ph.D.
Dean, School of Humanities

Donald Bren School of Information & Computer Sciences

The world runs on technology: from artificial intelligence to big data, from digital media and learning to digital health, from cybersecurity to human-machine interaction. These technologies represent only a few of the cutting-edge areas that faculty, students and alumni from the Donald Bren School of Information and Computer Sciences (ICS) have been advancing, making the world a better, safer, accessible, and more inclusive place through the exploration of emerging information technologies, innovative and broad computing curricula, and interdisciplinary collaborations that address key societal needs.

As students of ICS, one of the first computing-focused schools in the nation and the only one on the West Coast, you have helped it grow into one of the largest, most enriching, and most diverse computing programs in the country. You have shown incredible creativity and entrepreneurial spirit during your time at UC Irvine, and you are now prepared to lead the way in creating a bright future for society.

As alumni of ICS, you will have many good reasons and excellent opportunities to remain connected with our School. Whether you are continuing your education or joining the workforce, remember that you are now part of a growing ICS alumni network with over 15,000 members who want to see you succeed. Please stay in touch so that we can celebrate your successes and help you connect with other accomplished ICS alums.

Congratulations to the Class of 2024! The ICS faculty and staff take great pride in your accomplishments and look forward to watching you continue to make a positive difference in the world.

Zot! Zot! Zot!

Marios Papaefthymiou
Professor of Computer Science
Ted and Janice Smith Family Foundation Dean
Donald Bren School of Information and Computer Sciences

School of Physical Sciences

Congratulations on finishing your degree in the UCI School of Physical Sciences! This milestone may seem like a conclusion, but it truly marks the exciting onset of a new chapter in your life—a chapter that is all the more promising due to the diligent preparation you have undergone within our School's walls. Whether your path leads to further graduate or professional studies, or you're stepping directly into the workforce, UCI Physical Sciences has equipped you with a unique foundation for success.

Remarkably, over 40% of you have engaged in undergraduate research, and a significant number have secured places in graduate and professional programs. I also commend those who embraced the opportunity to join our mentorship program—an experience that will positively influence your lives well beyond your time at UCI. We encourage you to consider coming back as mentors to guide future generations of students, offering insights from what I anticipate will be illustrious careers.

As alumni of the Physical Sciences, your pursuits might range from delving into complex mathematical theories to making strides in alleviating human suffering. Whether your curiosity drives you towards understanding a solitary particle or unraveling the mysteries of the Universe and the future of Earth's climate, each path holds immense value. Across this broad spectrum of potential careers, the faculty and staff are behind you, wishing you success as you follow your passions and make impactful contributions to our world.

Once more, congratulations on completing this rigorous program. The demand for skilled mathematicians and scientists is greater than ever—embrace this opportunity to apply, share, and broaden your expertise and discoveries.

Keep active!
Bring enthusiasm to all your endeavors!
Keep in touch!

Professor James S. Bullock
Dean, School of Physical Sciences

School of Social Ecology

Dear Class of 2024:

Congratulations on completing your degree from the School of Social Ecology!

We are proud of your accomplishments, successfully finishing while also completing your many hours of field study. As we celebrate your achievements, we wish you success along the next path of your journey. You earned your degree from our school, a leader in interdisciplinary research, team science, and community-embedded scholarship. You have studied and researched alongside faculty members and fellow students who share a commitment to understanding human behavior and seek to make the world a better place. Our research, courses and field study opportunities are oriented at solving some of the most crucial social and environmental challenges of our time, including issues involving mass incarceration, environmental sustainability, homelessness, poverty and mental health.

With this stage of your education now completed, we encourage you to take what you have learned to become part of the solution.

Our school also emphasizes the importance of equal opportunity and justice. We have prepared you to think about how you can help advance a more equitable society. We will look to you with great hope as you apply that greater sense of purpose in your next endeavors.

No matter where you are headed next or what you will do, please know that we take pride in you and your accomplishments. And, as alumni of Social Ecology, we hope you will please remember to stay connected so we can continue to cheer on your successes.

Congratulations on your graduation and go out and make a difference!

Best wishes,

Jon B. Gould
Dean, School of Social Ecology

School of Social Sciences

Congratulations, UCI social sciences graduates!

I'm so proud to welcome you as our newest members of the Social Sciences Alumni Network. With your graduation today, you are joining an elite group of more than 62,000 changemakers who can be found everywhere from the halls of justice in D.C. to capitals around the world engaged in work that's truly changing lives. Our alumni are making a difference through entrepreneurial endeavors from Northgate to Northern Africa, in courtrooms across the nation, boardrooms in some of the world's top companies, and classrooms around the globe training our next generation of leaders.

While each of your pathways to this degree has been unique, your shared experiences as an Anteater will stay with you long after leaving campus today. And no matter your story, you've all shown the true resiliency of the soc sci Anteater spirit.

As you embark on your next chapter, your individual versions of "what's next," I challenge each of you to continue pursuing a future that makes the world a better place than you've found it. Be bold, always break the mold, and be boundaryless in your pursuit.

Congratulations, social sciences graduates of the class of 2024.

Zot, zot, zot!

Bill Maurer
Dean, School of Social Sciences
Professor, Department of Anthropology and School of Law
Director, Institute for Money, Technology and Financial Inclusion

Graduate Division

Dear Graduates, Families, and Friends,

Today's commencement ceremony marks a celebration of exceptional achievement. The Class of 2024 embodies the dedication, resilience, and brilliance that define UC Irvine's graduate scholars.

To our graduates: Your journey here has been one of discovery and transformation. You've pushed boundaries in your fields, contributed to our university's legacy, and prepared yourselves to make a meaningful impact in the world. As you step forward, carry with you the values of integrity, inclusivity, and excellence that UC Irvine stands for.

To the families, friends, and mentors who have supported our graduates, thank you for your encouragement and belief in their potential. Your support has been instrumental in their success.

As you celebrate this milestone, know that your Anteater family is immensely proud of you and excited for the future you will help shape. You are now part of a proud family of UCI alumni.
I hope you stay in touch and keep us informed of your accomplishments. Celebrate today and know that we look forward to celebrating your successes for years to come.

Congratulations, Class of 2024!

With pride and best wishes,

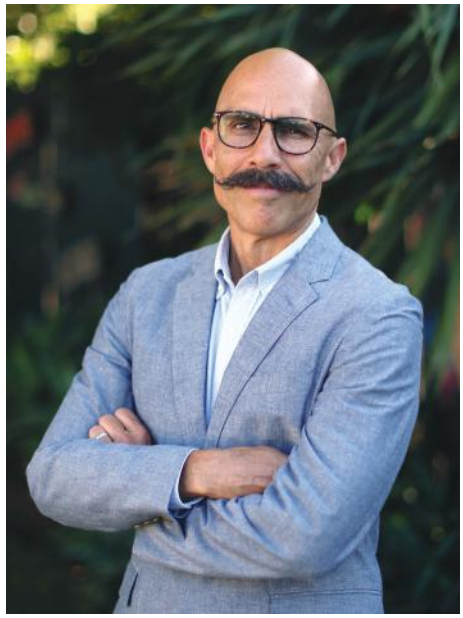
UCI Alumni Association

To the Class of 2024:



Congratulations — you did it! What an accomplishment. The early mornings, the late nights, the cramming, the long weekends… You did what it took, and you are now a graduate of UC Irvine. Let that sink in.

If I remember correctly, right about now, you're thinking, "what's next!?" And that's admirable – you're ambitious or you wouldn't be here. But like past presidents of the Alumni Association, I'll offer this advice: Before you jump back into action, take a minute, and recognize this powerful and proud moment. This is your time. Your time to relish in the hard work, the dedication, and the accomplishment. You put your mind to it, applied yourself, and accomplished a major life milestone. Please, don't let this moment pass without serious reflection. You should be proud.

I remember my UC Irvine graduation day. As a first gen graduate, I was proud of the moment, I recognized the importance of it and looked forward to a bright future.

On this day as you celebrate your hard-earned accomplishment, I hope that you'll also take a moment to express gratitude to all who have journeyed by your side providing support and guidance — your family, friends, and faculty, of course. But also, your Anteater community. In fact, know that with each step forward, your fellow Anteaters go with you and that you will forever be a part of the bold and pioneering UC Irvine alumni family!

As an alum you will always represent UC Irvine, and I hope you do so with pride. I encourage you to stay connected, remain involved and strengthen your relationship with the university and Anteaters of all graduating classes past and future. Trust me, you won't regret it. Our alumni magazine, The Anteater, and our online mentoring platform, The Anteater Network (antnet.uci.edu), are wonderful ways to do just that!

The UC Irvine Alumni network has more than 265,000 members and accomplished individuals who are invested in your success and can help you increase your connection to our alma mater. As an active member of the Alumni Association, you will help continue a tradition that makes UC Irvine and the alumni network itself stronger. Find out how you can leverage the benefits and services of being a member, including The Anteater Network, access to online research databases and UC libraries across the system, career services and networking events for young alumni.

Additionally, I invite you to stay connected to your Anteater family no matter where you go in the world. Engage with our UCI Alumni at regional events, participate in our online community and be part of the more than 40 chapters and networks across the world. Keep in mind it's not only what you know that will drive your career forward, but also who you know ;)

Fifty-nine years ago, UCI was established with a vision to become a driving force for discovery and innovation serving our local, national, and global communities. You leave today helping to realize that vision. As you take those next steps forward, know that there are many individuals who are in your corner cheering you on — your family, your friends, your professors, and your fellow alumni. You are now a college graduate (of one of the top universities in the nation, mind you) and we are so proud of you, Anteater!

Zot! Zot! Zot!

The UCI Mace

The Mace leads the Commencement processional and is carried by a member of the UCI Alumni Association Board of Directors.

The names of each UCI Chancellor are engraved on the top

Carved from California oak, the Mace is designed to resemble the nose of an anteater, UCI's mascot.

The UCI Alumni Association presented the UCI Mace to the campus on May 12, 2000.

UCI
